Measurement Type:

Digital

Display Type:

Liquid crystal

Display Digit Quantity:

3

Case Type:

Waterproof

Measurement Range:

-10.0/+200.0 degrees celsius

Environmental Attribute Code:

Non-mercury alternative - medical products - thermometers

Special Features:

Between stainless steel probe; one Ir-44 button cell battery; c deg/f degrees selectable; recalls and temperatures; probe is 4.3 in. Long x 0.14 in. Diameter

Material:

Plastic protective tube

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A27600
