**End Application:**

Misc parts propulsion for lhd 0008

**Immersion Length:**

100.000 inches

**Product Name:**

Inavy-thermocouple, immersion

**Special Features:**

Element type is platinum; sensor diameter is 12mm; a mn2380 protection well is provided with the sensor

**Material:**

Steel comp 316 thermocouple well

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A27600
