Overall Length:

6.375 inches

Overall Width:

1.300 inches

End Application:

Parts auxillary system

Electrical Connection Quantity:

2

Mounting Method:

Plate

Product Name:

Inavy-transmitter, pressure

Special Features:

Shock classification is grade a, class 1, type c, iaw mil-s-901; ambient temperature 0-85 degrees centigrade; mating connector m3108f-14s-5s shall be supplied with each unit.

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T179-e
