End Application:

Motor aps w2649gag01

Unit Type:

Shielded

Product Name:

(inavy)rtd bearing (drawing)explosion proof rtd(5841b81)

Special Features:

Resistance 100ohms @ 0 degrees celsius; sensing element: platinum; tip length: 11.90in; tip diameter: 0.215in

Material:

Stainless steel protective tube

Terminal Type And Quantity:

3 wire lead

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A27600
