Operating Temperature Range:

-25.0/+999.0 degrees fahrenheit

Display Type:

Liquid crystal

Measurement Range:

-25.0/+999.0 degrees fahrenheit

Scale Accuracy Rating:

1% accuracy f/c switchable

Product Name:

Handheld infrared thermometer

Environmental Attribute Code:

Non-mercury alternative - medical products - thermometers

Special Features:

12: 1 d: s; single point class 2 laser sighting; backlit lcd display; max, scan and hold functions

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A27600
