Flow Control Thermostat - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/6685-01-553-4781

End Application:

Forklift, cooling group

Usage Design:

Engine cooling system

Thermostat Type:

Coil spring bimetallic

Opening Tempurature Rating:

Between 176.0 degrees fahrenheit and 204.0 degrees fahrenheit

Special Features:

Top mounted

Shelf Life:

N/a

Unit Of Measure:

Demilitarization:

No

Fiig:

T121-c
