End Application:

100mm severe service gauge

Graduation Unit:

3.0 pounds per square inch

Actuation Type:

Pressure sensing element

Scale Range:

+0.0/+3000.0 pounds per square inch

Scale Name:

Pressure

Pointer Color:

Black

Scale Marking:

Psi and kpa

Scale Type:

Dial

Scale Smallest Increment:

1.0 pounds per square inch

Actuating Element Material:

Steel, stainless

Scale Inscription/background Color:

White with black markings

Connector Type Vent:

Provided

Product Name:

Guage 0-3000

Special Features:

Stainless steel case; u-clamp mount; 1/4npt connections; hermetically sealed; fill medium-glycerine

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

T179-b
