Mounting Method:

Retainer ring

Flow Control Device:

Poppet

End Application:

Forward repair system; rg-31 mrap

Usage Design:

Controls flow of fluid

Thermostat Type:

Non-balanced or poppet

Spring Operated Pressure Relief:

Not provided

Product Name:

Thermostat

Special Features:

Vented with jiggle-pin; by-pass type: mechanical plug; engine family: b series; low gain thermostat.

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T121-c
