**Accessory Components And Quantity:**

Fittings 4

**Information Recorded:**

Pressure

**Recording Method:**

Electrolytic discharge on chemically treated paper

**Chart Drive Method:**

Electric motor

**Product Name:**

High accuracy pressure measurement system

**Special Features:**

Pressure range full scale, 1,000mmgh, torr; accuracy 0.5% of reading

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

T206-a
