Case Material:

Steel, corrosion resisting

End Application:

Cvn77

Actuation Type:

Bellows

Scale Range:

+0.0/+2.0 pounds pressure per square inch

Scale Name:

Differential pressure

Dial Size:

4-1/2 inch diameter

Scale Type:

Single

Actuating Element Material:

Steel, corrosion resisting, aisi 316

Scale Inscription/background Color:

Black background with white markings

Product Name:

Indicating switch

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T179-b
