**Overall Length:**

18.000 inches

**Overall Height:**

11.500 inches

**Overall Width:**

11.000 inches

**Product Name:**

Calibrator, pressure

**Special Features:**

High pressure pneumatic application for test of high pressure hydraulicsystems; 10000/5000/2000 psi (pounds per square inch); push button calibration; lcd display; 50 lbs (pounds) portable with carrying handle; 32 vdc excitation output

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No
