Overall Length:

18.000 inches

Overall Height:

11.500 inches

Overall Width:

11.000 inches

Product Name:

Calibrator, pressure

Special Features:

High pressure pneumatic application for test of high pressure hydraulicsystems; 10000/5000/2000 psi (pounds per square inch); push button calibration; lcd display; 50 lbs (pounds) portable with carrying handle; 32 vdc excitation output

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No
