Current Type:

Dc

Mounting Device Quantity:

2

Actuation Method:

Bellows

Product Name:

Diff. Press. Electronic transmitter

Special Features:

Fill: dc550 silicone oil, safe working pressure 3000 psi, transmitter setting 4ma@customer specified, 20 ma@customer specified

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

T179-e
