Mounting Method:

Any acceptable

End Application:

Water pump and thermostat, p915, f935 and f935 front mowers

Usage Design:

Water temperature control

Thermostat Type:

Bimetallic

Opening Temperature Rating:

160.0 degrees fahrenheit

Product Name:

Thermostat

Special Features:

71 degrees (160 degrees f) (std) (sub for am875009)

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T121-c
