**Mounting Method:**

Any acceptable

**End Application:**

Water pump and thermostat, p915, f935 and f935 front mowers

**Usage Design:**

Water temperature control

**Thermostat Type:**

Bimetallic

**Opening Temperature Rating:**

160.0 degrees fahrenheit

**Product Name:**

Thermostat

**Special Features:**

71 degrees (160 degrees f) (std) (sub for am875009)

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

T121-c
