Overall Length:

10.000 inches

Overall Height:

17.000 inches

Overall Width:

7.000 inches

End Application:

Oil test

Accessory Components And Quantity:

Heater insulator 1; bottom panel 1; front panel 1; heater disk 1; pyrex cup 1; test burner 1; burner bracket 1; thermometer assembly 1; adaptor ring 1; water bath assembly 1; base 1; wattstat 1; red pilot light 1; on-off plate 1; switch 1; heyco strain relief 1; heater ring 1; knob 1; line cord 1; screw 20; nut 1; lock washer 5

Voltage In Volts And Current Type:

115.0 dc

Product Name:

(inavy)tester, flash point

Special Features:

Determines flash point of liquid products and cutback asphalts

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli
