**Overall Length:**

10.000 inches

**Overall Height:**

17.000 inches

**Overall Width:**

7.000 inches

**End Application:**

Oil test

**Accessory Components And Quantity:**

Heater insulator 1; bottom panel 1; front panel 1; heater disk 1; pyrex cup 1; test burner 1; burner bracket 1; thermometer assembly 1; adaptor ring 1; water bath assembly 1; base 1; wattstat 1; red pilot light 1; on-off plate 1; switch 1; heyco strain relief 1; heater ring 1; knob 1; line cord 1; screw 20; nut 1; lock washer 5

**Voltage In Volts And Current Type:**

115.0 dc

**Product Name:**

(inavy)tester, flash point

**Special Features:**

Determines flash point of liquid products and cutback asphalts

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli
