**End Application:**

Lgm30 minuteman

**Special Features:**

Consists of process manometer 627b12tbc1b, relay manometer 750b13tcd2gg, process connection nw kf-16, relay trip point a energizes set point at 5 vdc (500 torr); trip point b energizes set point at 9.5 vdc (950 torr), part number is specific to the application

**Functional Description:**

Maintains vacuum integrity

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli
