**End Application:**

2320-01-534-1103 truck, tank, m978a4

**Product Name:**

Digital pressure indicator goup

**Special Features:**

Connector 1: measures pressure or vacuum.Connectors 1 and 2 measures differential pressure.Connectors 2, 3 and 4 measures pressure.Includes type k thermocouple for measuring temperature

**Functional Description:**

Measures vacuum, pressure, differential pressure, and temperature.Self contained microprocessor based digital

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

T179-b
