End Application:

2320-01-534-1103 truck, tank, m978a4

Product Name:

Digital pressure indicator goup

Special Features:

Connector 1: measures pressure or vacuum.Connectors 1 and 2 measures differential pressure.Connectors 2, 3 and 4 measures

pressure.Includes type k thermocouple for measuring temperature

Functional Description:

Measures vacuum, pressure, differential pressure, and temperature.Self contained microprocessor based digital

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T179-b
