Overall Diameter:
6.000 inches
Case Material:
Aluminum
Case Surface Treatment:
Gray epoxy resin paint
End Application:
Misc parts sea water system lpd
Actuation Type:
Bellows
Adjustability:
Adjustable
Scale Range:
+0.0/+45.0 pounds per square inch
Scale Name:
Differential pressure
Dial Size:
4-1/2 in. Diam
Connection Quantity:
4
Pointer Color:
Black
Pointer Type:
Indicating
Scale Type:
Single
Connection Type:
Internal
Actuating Element Material:
Beryllium copper
Scale Inscription/background Color:
Black marking, white background
Connection Location:
Top and bottom
Bezel Type:
Slips-on
Connection Size:
7/16-20 unf-2b
Product Name:
(inavy)indicator, differential pressure dial size 4-1/2 inches
Special Features:
Red set pointer

Material:

Aluminum

Material:

Aluminum

Shelf Life:

N/a

Unit Of Measure:

---

Demilitarization:

No

Fiig:

T179-b
