End Application:

0212410 (55910), mast assembly

Usage Design:

Air, gas, oil or water

Actuation Type:

Bourdon tube

Scale Range:

+0.0/+2000.0 pounds pressure per square inch

Scale Name:

Pounds pressure

Dial Size:

2 1/2 in. Rd

Pointer Color:

Black

Scale Type:

Dial

Connection Type:

External

Actuating Element Material:

Brass

Connection Location:

Bottom

Connection Size:

.250 npt

Product Name:

Gauge, pressure

Special Features:

Grade a stem mount 2 1/2 in. Glycerin filled gauge

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T179-b
