Digital Hygrometer - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/6685-01-577-9366

Operating Tempurature Range:
-100.0/+20.0 degrees celsius
End Application:
Spacetract netted system of space sensors
Voltage Rating In Volts:
24.0 dc
Measurement Type:
Digital
Display Type:
Light emitting diode
Display Digit Quantity:
3
Case Type:
Carrying case w/handle
Product Name:
Easidew portable hygrometer
Easidew portable hygrometer Functional Description:
Functional Description:
Functional Description: Used to make field checks of the dewpoint in air and other process gasses
Functional Description: Used to make field checks of the dewpoint in air and other process gasses Material:
Functional Description: Used to make field checks of the dewpoint in air and other process gasses Material: Plastic meter case
Functional Description: Used to make field checks of the dewpoint in air and other process gasses Material: Plastic meter case Shelf Life:
Functional Description: Used to make field checks of the dewpoint in air and other process gasses Material: Plastic meter case Shelf Life: N/a
Functional Description: Used to make field checks of the dewpoint in air and other process gasses Material: Plastic meter case Shelf Life: N/a
Functional Description: Used to make field checks of the dewpoint in air and other process gasses Material: Plastic meter case Shelf Life: N/a Unit Of Measure:
Functional Description: Used to make field checks of the dewpoint in air and other process gasses Material: Plastic meter case Shelf Life: N/a Unit Of Measure: Demilitarization:
Functional Description: Used to make field checks of the dewpoint in air and other process gasses Material: Plastic meter case Shelf Life: N/a Unit Of Measure: Demilitarization: No
