Overall Length:

11.600 inches

Overall Height:

11.400 inches

Overall Width:

7.300 inches

Product Name:

Field metrology well

Functional Classification:

Aa-8.18

Special Features:

M33deg to p350deg c; well 150mm d x 25.3mm (insert od); lcd display; -a option denotes imperial misc holes insert; -p denotes w/process electronics

Functional Description:

Bench unit providing a well to insert temperature sensitive devices for calibration purposes

Entry Date:

09-10-05

Supplementary Features:

Rs-232 interface

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli
