Diameter:

1.187 inches

Length:

4.710 inches

Scale Division Quantity:

50 single indicator degree celsius

End Application:

Helicopter simulator

Presentation Type:

Dial

Scale Range:

-50.0/+150.0 degrees celsius single indicator degree celsius

Pointer Type:

Clock-hand single pointer

Product Name:

Oil temp inidcator, igb

Special Features:

12 inch cable with connector attached; bezel and dial black with yellow markings; green arc from -50 to 150 c; fire orange arc at 145 c

Color:

Yellow pointer tip

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A533y0
