**Diameter:**

1.187 inches

**Length:**

4.720 inches

**Scale Division Quantity:**

50 single indicator degree celsius

**End Application:**

Helicopter simulator

**Presentation Type:**

Dial

**Scale Range:**

-50.0/+150.0 degrees celsius single indicator degree celsius

**Pointer Type:**

Clock-hand single pointer

**Product Name:**

Oil temp indicator, tgb

**Special Features:**

12 inch cable with connector attached; bezel and dial black with yellow markings; green arc -25 to 120 c; fire orange arc at 120 c

**Color:**

Yellow pointer tip

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A533y0
