Current Type:

Dc

Mounting Device Quantity:

3

Actuation Method:

Pressure sensing element

End Application:

Nuclear application

Voltage Rating:

13.0 volts input and 30.0 volts input

Measurement Range:

+50.0/+100.0 pounds per square inch

Product Name:

Differential pressure transmitter

Special Features:

Over pressure is 250 psi

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T179-e
