Overall Width:

1.570 inches

Overall Length:

2.950 inches

End Application:

Room and duct monitoring instrument

Unit Type:

Dial indicating

Measurement Type:

Digital

Features Provided:

Protective cover and mounting hardware

Pointer/pen Type And Quantity:

1 recording single

Overall Height:

5.900 inches

Product Name:

Hygro-thermometer plus infrared thermometer

Special Features:

Primary and secondary displays; ir thermometer has built-in laser pointer-an 8 to 1 distance to target ratio; max and data hold for all functions; remote humidity sensor-1m coiled cable-reads both humidity/ambient temp; switchable c/f temp units; auto power off; low battery and overrange indication; built-in stand, protective holster, humidity/temp probe, 9v battery and carry case

Functional Description:

Humidity and air temp measurements plus infrared thermometer for non-contact surface temps

Material:

Plastic

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A27600
