Reliability Indicator:

Not established

Overall Length:

44.625 inches

End Application:

Gen, nitrogen mg30bda

Product Name:

Inavy-thermocouple tj36-icss-18u-6/c

Special Features:

Mfg description: tj probes steel joint transition type j t/c junction pn 308259; 24 awg for 1/8 inch o.D. Sheath probes; 6 inch probe length, 36 inch leadwire; temp of 1650 degrees f (898 degrees c) stainless steel sheaths

Terminal Type And Quantity:

1 wire lead

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A27600
