End Application:

Test

Product Name:

Humidity temperature probe

Special Features:

Humidity measuring range: 0-100 %rh; temperature limits at sensor: -100 to 150 degrees c (-148 to 302 degrees f); barrel: diameter 15 mm (0.6") length 250 mm (9.8"); probe cable length; 2 m (6.5 ft); handgrip: pom, black -, barrel: pps, black

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A31700
