End Application:

Boiler control system p/n 06036-cc-m3 onboard 378 ft whec class coast guard cutters

Power Source:

External

Maximumlength:

100.0 millimeters

Maximumwidth:

48.0 millimeters

Maximumheight:

48.0 millimeters

Intelligence Data Handling Capability:

Digital receiving automatic

Indication Method:

Transmitting electrical digital display

Special Features:

Single 0.7 in. 3-digit led display; alarm output (2 points); 100-240vac

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A31700
