Overall Length:

0.240 inches

Overall Diameter:

0.200 inches

Operating Temperature Range:

+0.0/+55.0 degrees celsius

End Application:

An/fps-132; nha h4557034-1

Contact Type:

Connector plug

Input Relative Humidity In Percent:

95.0

Product Name:

Temperature/humidity sensor

Special Features:

Converts readings to digital data to send to environmental monitoring unit via 4 meter cable w/rj-45 connector; t.O.31p6-2fps132-62/8-2/6.1

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A505w0
