Overall Length:

9.5 inches

Overall Height:

3.0 inches

Overall Width:

8.5 inches

Operating Temperature Range:

-202.0 to 158.0 degrees fahrenheit

Measurement Range:

-40.0 to 68.0 degrees fahrenheit

Product Name:

Analyzer, mstre port

Environmental Attribute Code:

Barometers & hygrometers - consumer products - non-mercury alternative

Special Features:

Accuracy: plus or minus 2deg c., calibration: nist traceab

Style Designator:

Portable

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A27600
