Overall Length:

4.218 inches

Stem Length:

3.434 inches

Design Type:

Between and

Dial Diameter:

3.062 inches

Scale Type:

Circular and dial

Scale Measurement Range:

+0.0 to 200.0 degrees fahrenheit

Product Name:

Heavy duty bimetal thermometers

Special Features:

Shock and vibration resistant

Material:

Stainless steel case, holder

Style Designator:

Straight form, horizontal dial

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A27600
