Display Type:

Light emitting diode (I.E.D.).

Switch Type And Quantity:

4 push button

Measurement Range:

-72.0 to 1112.0 degrees fahrenheit

Product Name:

Testo 835 t1 pro infrared thermometer

Environmental Attribute Code:

Non-mercury alternative - medical products - thermometers

Special Features:

4-point laser sighting; data logging; external probe input; batteries included; 0.1 f resloution; 6.5 foot measuring distance

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A27600
