Current Type:

Dc

Mounting Device Quantity:

1

Actuation Method:

Pressure sensing element

Mounting Method:

External pipe thread 1/8 npt

Measurement Range:

+0.0 to 50.0 inches of water

Product Name:

Model hqs-1 pressure module

Special Features:

For use with a clean dry gas only; 0.06 percent accuracy of full span; plugs into base unit module st-2h

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T179-e
