Overall Length:
9.67 inches
Mechanical Connection Size:
1/4 - 18 npt
Measurement Range:
-2000.0 to 2000.0 pounds per square inch
Product Name:
Coplanar scalable pressure transmitter
Special Features:
Transmitter output: 4-20 ma; measurement type: differential; span accuracy: 0.025 pct; lcd display
Supplementary Features:
Explosion proof; dust ignition proof
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
