End Application:

4120-01-558-5664

Installation Design:

Portable

Mounting Method:

Clip

Product Name:

Thermocouple, k type wet

Special Features:

?Temperature range: -50 to 150-degree f; the atwb1, k-type wet bulb thermocouple can clip to hvac/r equipment for convenient placement and hands free testing; wet the durable sock and clip to evaporator filters for indoor wet bulb - great for finding target evaporator exit temperature; the wire insulation is designed to withstand a continuous use at 400 degree f

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T179-b
