**End Application:**

4120-01-558-5664

**Installation Design:**

Portable

**Mounting Method:**

Clip

**Product Name:**

Thermocouple, k type wet

**Special Features:**

?Temperature range: -50 to 150-degree f; the atwb1, k-type wet bulb thermocouple can clip to hvac/r equipment for convenient placement and hands free testing; wet the durable sock and clip to evaporator filters for indoor wet bulb - great for finding target evaporator exit temperature; the wire insulation is designed to withstand a continuous use at 400 degree f

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

T179-b
