Actuation Type:

Bellows and diaphragm

Scale Name:

Differential pressure

Pointer Color:

White

Pointer Type:

Indicating

Scale Type:

Circular and digital

Scale Accuracy:

1/2% or 1%

Actuating Element Material:

Aluminum or brass or steel, corrosion resisting, aisi 316

Scale Inscription/background Color:

Black

Product Name:

Differential pressure gauge & switch

Special Features:

Range 10.0 - 80.0 h20, safe working pressure 500-6000 psig, 1 or 2 optional switches

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T179-b
