Current Type:

Ac

Actuation Method:

Differential transformer

Measurement Range:

-250.0 to 250.0 inches of water

Product Name:

Coplanar pressure transmitter

Special Features:

Alum. Housing, silicone fluid, glass filled ptfе, 316 sst, sst drain/vent, 1/2-14 npt adapters, alternate process connection

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T179-e
