**Overall Length:**

3.0 inches

**Actuation Method:**

Pressure sensing element

**Electrical Connection Controlling Agency:**

38056

**Product Name:**

Pressure transducer

**Special Features:**

Case: 300 series stainless steel; 1/8 npt male or female; output signal: 4-20ma (2 wire); operating: -28 to 82°C; storage: -54 to 121°C; electrical connection: 4-pin bendix;

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

T179-e
