End Application:

R-22/404a/410a air conditioning manifold

Connection Quantity:

1

Power Source:

Internal

Connection Location:

Bottom

Connection Size:

1/8 npt male connection

Product Name:

Blue compound gauge

Special Features:

Calibrated to 1 percent accuracy; color-coded red for pressure and blue for compound; color-coded refrigerant types

Material:

Copper alloy

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T179-b
