Mounting Hole Quantity:

1

End Application:

4910-01-593-8607

Scale Range:

+0.0 to 160.0 pounds per square inch

Scale Name:

Pressure

Mounting Method:

External thread

Scale Name For Which Pointer Is Designed:

Pounds pressure

Mounting Connection Location:

Back, center

Product Name:

Gauge, air

Special Features:

Used on flare machine, hhr, c7917

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T179-b
