Overall Width:

78.0 millimeters

Overall Length:

166.0 millimeters

Case Type:

Rectangular

Special Features:

Depth 32 mm; lcd 90x64 mm; interface usb, lan; maximum operating temperature-20 to 50 c; maximum altitude 10000 m above sea level; temperature measure - ntc -20 to 50 c (plus/minus 0.3); relative humidity - capacity , measurement range 0-100 percent rh; air pressure - range 300-1300 hpa abs

Material:

Plastic case, holder

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A27600
