Product Name:

Eoi temperature control model f2504

Special Features:

Absolute temperature range 50-600deg c, source plate size 8 x 8inch, type of control zero crossing solid state relay, pwm control, ac power, controller size 3.5h x 7.5d x 8375w, power requirements 120/240, 50/60 hz, maximum input power at warm up 3000, maximum input power for control 1200,

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A31700
