**Product Name:**

Eoi temperature control model f2504

**Special Features:**

Absolute temperature range 50-600deg c, source plate size 8 x 8inch, type of control zero crossing solid state relay, pwm control, ac power, controller size 3.5h x 7.5d x 8375w, power requirements 120/240, 50/60 hz, maximum input power at warm up 3000, maximum input power for control 1200,

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A31700
