Mounting Hole Quantity:

3

End Application:

Gage

Actuation Type:

Bellows

Adjustability:

Adjustable

Scale Range:

+0.0 to 5.0 pounds per square inch

Scale Name:

Differential pressure

Dial Size:

4 1/2 inches dia

Connection Quantity:

1

Pointer Color:

Black or red

Pointer Type:

Indicating or reference

Scale Marking:

Psi differential

Scale Type:

Dial

Connection Type:

External

Scale Accuracy:

+/-1.0% of full scale

Actuating Element Material:

Copper alloy

Connection Location:

Upper back

Connection Size:

7/16-20 unf-20

Connector Type Vent:

Not provided

Product Name:

Gage, differential, dial indicating

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T179-b
