Actuation Type:

Bourdon tube

Scale Range:

+0.0 to 400.0 bar

Dial Size:

63 mm

Connection Quantity:

1

Pointer Color:

Black

Scale Type:

Dial

Connection Type:

External

Scale Accuracy:

The pressure gauges are calibrated at a reference temperature of 20 degrees c. At other operating temperatures the indication error is +/- 0.4% of full scale value per 10 degrees c difference in accordance with EN 837-1

Connection Location:

Bottom

Bezel Type:

Crimp

Protective Crystal Material:

Plastic

Product Name:

Gage, pressure

Material:

Stainless steel

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T179-b
