Overall Length:

3.000 inches

Overall Diameter:

1.000 inches

Voltage Rating:

28.0 volts

Measurement Range:

+0.0 to 10000.0 pounds per square inch

Special Features:

Converts vane pressure outputs to proportional electrical signals, includes 1 male flare tube fitting, 1 electrical connector, 2 adjusting screws

5v dc output; stainless steel

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T145-b
